

“Racist Dude in College”

Chris Romano

INTERIOR – *A professor, dressed as such, stands at the podium before a large lecture hall. He is explaining what a “median split” is to his students. The camera cuts from him and pans across the audience of students who don an array of smart outfits, except for one student who is dressed kind of like Indiana Jones. All are listening and taking notes. The camera cuts back to the professor and cuts to follow the speaker throughout the shot.*

Professor: *(continuing)* ...and as such, any person falling above the 75th percentile is considered to be in the “extreme group”

Indiana Jones guy: *(cheesy dumb-southerner accent)* So that’s where they been hidin’!

Prof: *(taken aback but not too much)* ...excuse me?

IJG: ISIS! Al Qaeda! those extreme groups we can’t find!

Prof: *(chuckling)* I think you’re confusing extreme with extremist

IJG: Well what the hells the difference?!

Prof: Extremist means one who uses extra-ordinary means to achieve their goals and extreme is more concerning statistical differences between two numbers

IJG: Oh, I’ll give you two numbers. NINE. ELEVEN.

Prof: *(from background, no cut for this line)* I don’t think...

IJG: *(newfound indignation)* The day those Extreme group pussies attacked MY COUNTRY

Indiana Jones Guy stands up

Patriotic music fades in

Prof: *(annoyed)* Could you please sit down

Camera cuts back to crowd where now 3 others are suddenly dressed exactly the same as Indiana Jones Guy

IJG: I say we bomb this 75th percentile, wherever the hell it is, and send those pieces of shit straight to Allah’s doorstep!

Prof: *(irritated)* You cant!..*(pauses, taken aback in realization)* wait, what’s happening?

IJG: *(Now there are 7 students in full Indiana jones garb)* I'll tell you what's happening! A dangerous cell of Muslim radicals is waging war on our nation and THIS GUY *(points to professor)* knows where they are! *(accusing tone)* Why haven't you shared that little tidbit with uncle Sam yet, bud?

One of the students in Indy garb: Yeah! What the hell GUY?

Prof: *(looking around)* You guys are misunder...was there always two flags here? *(points to 2 USA flags on the wall to his left)*

(at this point, students dressed like Indiana Jones outnumber students who aren't)

IJG: You haven't told him, because you are a TRAITOR TO OUR COUNTRY TIS OF THEE, GOD DAMN IT! As the top student in this class, I demand....

(One student, the only one still in normal clothes, cuts him off)

Student: Wait.. that guy is the top student?? *(extreme skepticism)*

Prof: Actually, yes, yes he is.

Student: Well alright then *(stands up and rips off clothes revealing Indiana jones outfit beneath)* TREASON!!

IJG: Yeah!

Sean Hannity *(who was not previously in scene)*: Yeah!

IJG: GET HIM!

(Class rises and walks toward the professor)

Prof: Wait! Stop you idiots! What the hell? *(Looks to left where now there is 6 USA Flags on the wall)*

(Bald Eagle flies through the window screeching and attacks professor, prompting the crowd to jump on top of him and beat him down, a student uses the professor's computer to change the projector image from a PowerPoint slide to a photo of George W. Bush)

All: USA! USA! USA!
